

# Southern Utah Valley Power Systems

## Pole Attachment / Alteration / Encroachment Application

Date: \_\_\_\_\_  
Applicant / Company Name: \_\_\_\_\_  
Contact Person: \_\_\_\_\_  
Mailing Address: \_\_\_\_\_  
City: \_\_\_\_\_ State: \_\_\_\_\_ ZIP: \_\_\_\_\_  
Phone: \_\_\_\_\_ Email: \_\_\_\_\_

### Attachment Type (Check all that apply):

- New Cable Attachment
- Existing Cable Removal
- Additional Cable Attachment

### Work Location:

Address / Route (Start and End Points): \_\_\_\_\_  
Pole Numbers (Start and End): \_\_\_\_\_  
Other (Describe): \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

### Required Submittals:

- 1 Drawings/maps depicting the proposed project route drawn to scale, including impacted poles.
- 2 Cable attachment elevation/section view with dimensions, showing new and existing cables.
- 3 Provide attachment cable type, weight, and installation tension.

### Review Process:

Once the application, drawings, and fees have been received, SUVPS will review the application for completeness and may request additional information from the applicant if necessary. The review process will take up to 14 days.

### Approval Process:

Once all necessary information is received, SUVPS will provide the applicant a schedule and an estimated cost for engineering evaluation of the attachment. The applicant must pay the estimated amount before SUVPS begins the evaluation. After completion, SUVPS will approve, deny, or conditionally approve the attachment as deemed necessary. A final permit/agreement will be provided upon completion of the process.

### Submit Completed Application To:
